```
public class Program {  
    public static void main(String[] args) {  
        System.out.println("Hello World");  
    }  
}
```

On the right, a Command Prompt window titled "Command Prompt" shows the execution of the program:

```

The taskbar at the bottom shows the Start button, search icon, and several pinned applications including File Explorer, Google Chrome, and Notepad. The system tray on the right indicates the time is 2:00 PM on 9/18/2019. An "Activate Windows" watermark is visible in the bottom right corner of the desktop area.
